## MARGARET BOBB

1/31/1965 to 11/1/2018

Many of you have received personal thank you letters from Margaret over the years, adopted her beloved foster dogs and communicated with her to organize various fundraisers, holiday parties and all things PACA. Disbelief, anger, sadness, and shock struck on November 1, 2018 as Margaret Bobb passed from this life to the next while surrounded by her loving family.

Margaret joined PACA in 1996, but rescued her first dog, and her 13 puppies, in 1977. She remained a vital part of our rescue organization until her death. She was a rescuer, foster parent, adoption clinic coordinator, treasurer, fundraiser, and board member. She coordinated almost all our administrative functions, and spearheaded PACA's free spay/neuter program "Fix the 505." During her early years of rescue, she realized the need for spay/neuter and did "hard-core" rescuing such as trapping stray dogs and cats, rescuing from death-row at shelters, and working in the "rougher" parts of town doing rescue, education, and offering to spay/neuter/vaccinate people's animals at her own cost. She was a constant voice for those neglected animals that had no voice.

Attempting to sum up a person like Margaret in an article is impossible. Margaret changed the trajectory of hundreds of abandoned, abused or neglected animals' lives. She not only saved animals lives, but added something special, personal, and important to the adopting families' lives.

If you have adopted a dog or cat, donated or volunteered for PACA you also have given to this worthy cause Margaret dedicated her life to. Margaret helped hundreds of special creatures during her time on this earth and they, as well as their adopting humans will be forever grateful. Margaret never turned a blind eye to an animal in need.

We are filled with gratitude to receive the continued support of Margaret's family in our mission. We will work closely with them in the years to come, especially for a cause very near to Margaret's heart, PACA's "Fix the 505" FREE Spay/ Neuter program. Her "dream for New Mexico is to have some way to offer spay/neuter to any resident for any pet at any time for FREE. "

Below are some quotes from PACA volunteers and Board Members remembering Margaret and the impact she had on their lives.

*"I've been photographing dogs for PACA since 2012 (6 years) with the help of my kids, and our family has fostered several PACA dogs off and on over the years. I always looked forward to seeing Margaret at PACA's adoption clinic on Saturdays, as she always had a smile and a kind word. I went to her house once to photograph a litter of heeler puppies that she had taken in - and my family ended up fostering several of them over the holiday season that year. She was always so happy to hear about how PACA dogs were doing over time after they went to their forever homes. She was always willing to help get dogs spayed/neutered - I connected her with several families who needed help with that. I really miss Margaret! "*

- Melody Mock and family

*"I would say Margaret was like a second mother to me. She mentored me not only in dog rescue but in life. She was a no nonsense kind of person who would do anything to give the dogs around her the best life possible. She not only knew how to live life but how to save and change it."*

- Keaton Gruda, worked with Paca for 3 yrs 2014-2017

## MARGARET BOBB CONTINUED

*I have been working with PACA since January 2013, and most of what I do with PACA was taught to me by Margaret. She was my first friend here. She was an amazing person who did so much for animals in need. I am so glad I had the chance to get to know and work with her for the past almost 6 years. She is greatly missed!*

- Kirsty

*Margaret always greeted me with an enthusiastic "Jules!" She was always upbeat and busy with projects and foster dogs. I had no idea the strength and determination she had until I learned of her poor health, which she never complained about. She did not let illness or constant pain deter her from helping dogs and being involved in dog rescue until the day she died. She led a life full of meaning and purpose. Margaret was a great friend with a good sense of humor. I miss hearing her call me "Jules."*

- Julie Hart, PACA volunteer since 2013

*I have been volunteering with PACA since 2002. As I scroll through some of the many dogs that have been rescued over the years I say to myself, "Margaret helped with this one and that one", and memories come with each one. She was so dedicated to their welfare, good care, and loving outcome. I know they are grateful and happy for being rescued. Margaret spent much time devoted to rescue and keeping the wheels of PACA churning. I will miss Margaret and do miss her, she was such a big help and always willing to help. One grows accustomed to having someone in their life that they can always rely on without realizing one day they could be gone. I mostly miss hearing her voice and our phone conversations whether short or long. She is truly missed.*

- Trish Nesbitt

I met Margaret in 1999 when I started as a fundraising volunteer, recruited by then President, Jane Long. I quickly understood that if I wanted to know how to do something or needed to get something done Margaret was a great place to start and she'd also help me finish it. We shared many rescue adventures together. Margaret knew that I would always help her in whatever she asked, I knew that she would always help me. We had a special bond that developed and then flourished over the years, supported by the same motto--help as many as you can, anywhere you can, for as long as you can. I miss her dearly but cherish our many memories together.

- Lanya Androlewicz, President

*This is the last dog Margaret fostered a week before she died, being held by her niece Daniella, whose family adopted him.*

## NEW TRAILER

PACA is very happy to have a new trailer. John and Cynthia Booth, parents of Laura Gilbert, gave PACA a very generous donation of a new trailer to honor their daughter's memory. Laura Gilbert was a dog and animal lover, and her name is gratefully displayed in the new trailer logo. This trailer contains our supplies that allow us to have our weekly dog adoption events. Our old trailer was stolen last spring and our rescue efforts were hindered until Laura Gilbert's family stepped up to help in their daughter's name. We were also overwhelmed by donations from the community to replace our crates, blankets, beds, bowls, and many other supplies that were stolen in the trailer. Thank you John and Cynthia.

*Big Hunk is happy to be with his foster mom Morgan*

# Big Hunk O' Love

by Julie Hart

PACA was contacted by a person saying she had a dog that needed to be euthanized. PACA volunteers Margaret, Daniella and Kim went to the Meadow Lake area of Los Lunas to check on this dog, with food and treats in tow. Upon seeing the dog, there was horror and shock at the dog's condition. He was covered in ticks, had multiple open, infected wounds where his skin was literally falling off, and obvious eye infections. A family member

told us that Hunk was regularly beaten by this "person." This dog, whom was later named Big Hunk, didn't seem ready to give up and our volunteers felt there was hope for him. Big Hunk was very shy and would not approach the volunteers, so they set up a crate and began offering him food. Daniella, a young dog whisperer, was able to get the closest to Big Hunk and offered him a can of food. The next can of food was positioned next to the crate door. When he approached the crate a push got him inside. Big Hunk was petrified. He had never been in a kennel, on a leash, or in a car before. PACA immediately took him to the emergency vet.

Upon examination, it was determined Big Hunk had solar dermatitis, which is a severe infected sunburn caused by exposure to the sun, with no shelter, for years. He was also emaciated and needed treatment for his eyes. He was well behaved, but so petrified he would not walk on leash, so the staff had to carry him everywhere. After two days in intensive care, and a very large vet bill, Big Hunk was ready to go to his new foster home.

Big Hunk's lucky day was June 2nd, when Morgan, his now-foster-mom saw PACA's Facebook plea for a foster home for Big Hunk. She picked up Hunk from the vet and introduced him to her other two dogs and husband. Big Hunk now loves his foster family. Morgan nursed him back to health and set up a shade umbrella so he can enjoy a nice day outside safely. Hunk's skin is healed except one small spot. He is enjoying the life every dog deserves with walks, playing with his doggie friends. Although physically Big Hunk is almost recovered, mental scars take longer to dissipate. Initially he was hand-shy and nervous whenever anyone picked up a long handled tool. He is now comfortable with his foster mom and dad carrying around tools like rakes or brooms, but still a bit untrusting of strangers doing so. He is a little unsure of strangers at adoption events, especially when reaching for him. However, he has made great strides in becoming a normal dog. It will take time and patience for Big Hunk to fully recover, but he will.

*Big Hunk at the veterinarian's office the day he was rescued*

*Big Hunk resting under his shade umbrella at his foster home.*

Big Hunk is a loving dog that likes to be active when the time is right, but also happy to chill with his owners. He can be a hiking companion one day and a couch potato the next. He enjoys other dogs, but would be happy as an only dog too. He is around 5-6 years of age. If you would like to meet Big Hunk please come to our dog adoption events on the south side of Sprouts Market on Academy and San Mateo from 11-2 on Saturdays or contact Trish at [pacatrish@yahoo.com](mailto:pacatrish@yahoo.com).

Fostering a needy dog is a very rewarding experience. If you would like to foster a dog until he finds an adoptive home, please contact PACA.

# Years Long Chow Chows Rescue

by Julie Hart

Sometimes it takes years to help dogs in need. This is but one example. In June of 2015, we received a call for assistance with re-homing some Chow Chows. The owner of the Chows was a breeder of many years, but had fallen ill both physically and mentally, and could not take care of her dogs. She lived in a small town just outside of Belen, which attracts disreputable breeders because of insufficient animal welfare laws. PACA was under the impression that there were only a few Chows that needed rehoming. Upon visiting the property, PACA found eleven dogs in horrible condition, severely matted, and under-socialized. PACA helped to spay/neuter several Chows through our Fix the 505 program. A few of them were placed into homes. The owner's health improved and there was no further communication until we received another call saying she wanted to move out of state. Homes were found for a few more dogs. A Chow Chow rescue group in California agreed to take the remainder of the dogs. Before the dogs could be transported to California, the owner moved, leaving the dogs to fend for themselves. The dogs remaining on the property were extremely fearful and would not let anyone touch them. Dog trainer Lisa Berry was able to catch the dogs and kept them at her house until the transport. But this is not the end of the story. A couple years later we received a call from a woman whose brother had passed away. The brother had three Chows he was holding on to for the breeder. The sister kept one of the remaining Chows, and the Chow rescue in California agreed to take the remaining two. The Chows' rescue effort took almost two years, from June 2015 to May 2017. The picture is two of the freshly groomed Chows that were adopted by a lovely couple. They stopped by our adoption event to thank PACA for saving the dogs that bring them such joy.

# PACA Dog Wins “Doggie Day” Contest

by Julie Hart

Stormy, a stunning chocolate pit bull mix, was lucky to accompany her dad, Anthony, to work after winning his office’s “Doggie Day” contest in the spring. Stormy was allowed to go to work with dad for a day and meet all the office folks at Dekker Perich Sabatini, a multidisciplinary design firm in Albuquerque. Stormy assists in raising 4 children ranging between the ages of 6 – 14 years old. Her hobbies include napping, drooling, stealing food, and cuddling. Stormy resides w/ 2 other rescues. Luna, a PACA pup that went from foster to a permanent part of her family within about 48 hours and Milly, the eldest statesman and 7 pounds of bossy. Although she may look the part she is a terrible watch dog, but great at keeping us warm.

A huge thank you to Ferguson Bath, Kitchen, & Lighting Galleries on Hardware Dr NE, and Nicole Levy, Marketing Specialist for Ferguson, for organizing a

fundraiser for PACA in June 2019. PACA dogs and volunteers were treated to snacks and drinks in the Ferguson Showroom while Ferguson

associates and colleagues visited with PACA dogs. Two dogs were adopted at this event and we also received sizable donations from staff including sponsors Vanessa Dahm and Shaun Payne. Thank you for supporting PACA/AAR dog rescue!

# Happy Tails

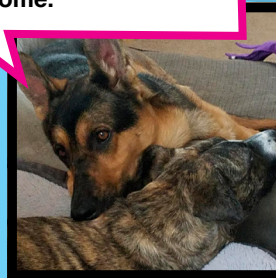

**Courtney and Rascal** are beloved additions to our family.  
- Rhayna and Jac

**Carino, now Bo**, is spoiled rotten and best friends with Tater, a dog rescue.

**Delilah & buddy Ivanhoe:** Delilah had a rough start & had to have one of her legs amputated but she gets around fine & loves her new home.

My little beautiful kitten **Gianna, Gigi**, is the light of my life and doing so well!  
- Kindest regards, Lorelei

**Chance** was rescued along with his litter mates & now he is in his new home enjoying life!!

**Dorian and Julienne** are really sweet. Dorian is so sweet and can really purr! Thank you for fostering them.  
- John and Adriana

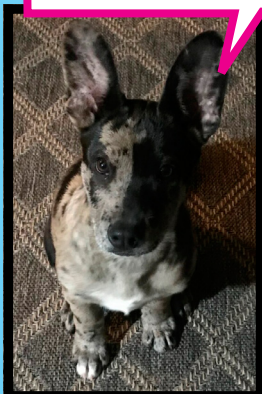

**Siri/Coco:** Loves to take naps in her crate, she's so cute when she snoozes. She's wonderful! Kim & Cyndi

**Alexa/Cleo:** Is somewhat learning commands, sit, lay down (sometimes), stay (never-still too much puppy). But walking well on a leash!

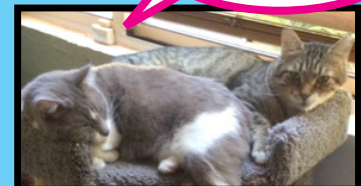

**Houla:** Her foster failure mom, Melissa, says "she is growing strong, quite stunning & wonder if she will ever grow into those ears!"

**Cowgirl/Coco & friend Bob:** Coco & Bob enjoy each other's company & living the good life!!

**Michelle (formerly Pastel) and Rupert** are doing great They are my blessings.  
- Phyllis

**Otis and Tanner** were adopted from PACA this summer. "Since we got them, our house is not as orderly as before they came to live with us. But they make us smile and laugh with their silliness and playfulness."  
 - Gonzales Residence

**Chardonnay** was PACA foster mom Julie's foster dog for almost 9 months. Chardonnay was rehabilitated from an insecure, fence jumping, exuberant player to Julie's right hand dog and now helps other foster dogs.

I adopted Kira, an 8 week old kitten from the litter of PACA's Patrice. She's a great companion for my 11 year old Munchkin, Ricky.  
 - Cheryl

**Peaches/Scarlett:** Scarlett has an active life & enjoys many new adventures with her mom & dad.

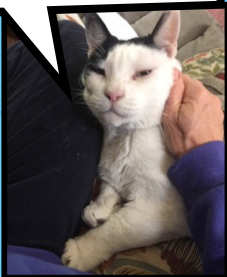

**Singa and Nacha**  
 We are so in love with our new kitties, Singa and Nacha. They are both little purr machines and just want to be around us all the time!

- Jen and Craig

**Willy**  
 He has certainly come a long way since 2013!  
 - Rhonda

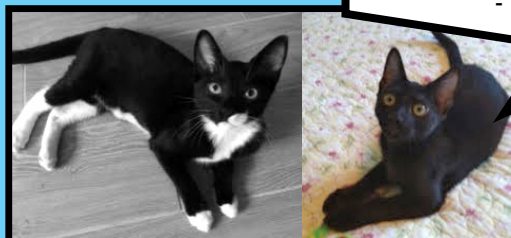

**Ray/Buddy: Buddy** is a great friend!  
 Enjoying his company, Ed & Ardis

**Peppe (chihuahua):** His momma, Patti, says "I love this face and this boy lol. Thank you for letting me have him!!"

**Sasha and Bailey** - We love them and they are just what we needed... you are right, they waited just for us! Thank you so much!  
 - Yvonne and Robert

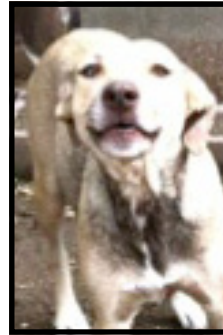

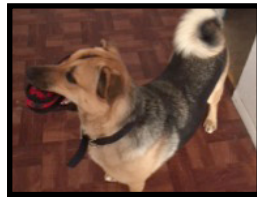

# FIX THE 505!

Thank you for your support with our Spay/Neuter program

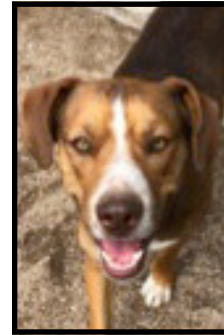

## Your donation helps pooches like these:

A Good Samaritan found two stray dogs running together...a male and a female. It turns out the female was pregnant. She had nine puppies! PACA was called, and we stepped in to help the whole family. The Good Samaritan who found them was able to foster the whole brood for several weeks. She later decided to keep the mom, dad, and one pup. The rest of the pups will be adopted out through PACA. The new owner of these three would not have been able to afford the spay/neuter surgeries for three dogs. Your donation helps animals like Niblet, Bonjee, and Chomp live happier, healthier lives.

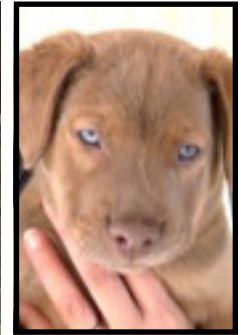

We also helped Ko's owner, who is disabled. Ko had a couple of litters and she desperately needed spaying. In the process of helping her, we managed to find homes for the last two half-grown pups from her last litter and a neighbor dog.

Niblet (momma dog)

Bonjee (daddy dog)

Chomp (pup)

## Have you Visited Kitty City?

**TOTAL CATS FIXED IN 2018 - 668**

**TOTAL DOGS FIXED IN 2018 - 158**

**Here is some feedback from recipients of the Fix the 505! Program:**

"It helped considerably with the cost to fix him. Without this I would not have been able to have it done so soon."

"At this time not many funds for myself, many bills, but love my girls dearly and want the best for them and their health."

"I am a single mom and it helped out financially. Thank you."

"This program offered our family an opportunity to get our dog fixed as our income is limited."

"I wouldn't have been able to afford it otherwise."

"I wouldn't have had him fixed."

Many families want to have their dog spayed or neutered to prevent unwanted litters, but cannot afford it. This program allows them to do so

If not, please come mingle with our adorable cats that are waiting for a forever home. Kitty City is PACA's free-roaming space located inside of Clark's Pet Emporium located at 11200 Menaul Blvd, NE.

Kitty City has a colorful, stimulating environment with rafters, cat trees and cozy places for cats to hang out. Kitty City's cats enjoy visitors, volunteers, and of course, other cats. Come sit it down on one of the easy chairs or benches and find a furry friend or two on your lap. Kitty City has almost all the comforts of home.

Two large windows allow our cats to watch customers. Visitors are welcome to come and play with our Kitty City critters. Volunteers are onsite at various times during the week and from 10:00 AM - 4:00 pm on Saturdays for visiting and adoption interests. Please see posted times on the Kitty City window for exact times during the week or visit our website at [www.nmpaca.org](http://www.nmpaca.org).

## SABLE AND BRAIN - YES BRAIN

WRITTEN BY JOHN HILL, CAT ADOPTER

I wanted to reach out to say thank you for the work you do. I don't know how often you have someone get back to you regarding an adoption but I wanted to let you know the impact you have on both pets and people. Brain and Sable would transition with me while I went from college student to adult, took my first job, and eventually found a wife who was also a cat person.

A little more than a year and a half ago, Sable passed suddenly from rapid-onset kidney failure. Roughly two weeks ago Brain began a rapid decline in her health and went from a cat showing her age to unable to walk in a span of 3 days. A visit to the vet showed her kidneys had gone into complete shutdown and there was nothing more we could do. Brain and I would spend her last 48 hours together for every moment, with her eating tuna and sleeping on the deck or a lap, me sleeping on the floor near her.

I wanted to share this because what you do is important to adoptees and the adopted. It's simple to say that we did our part by adopting and taking care of two cats but Brain and Sable were around for every major event in my adult life and many of those of my family. The early days of college

stresses, job ups and downs, friends that came and went, major and minor life decisions, moments of joy and sorrow, were all shared with them in the picture somehow. It was always comforting to sink into their world and to forget ours.

I wanted to say thank you for that time as it all started with someone at PACA showing up to work trying to find two small cats a home.

# Featured Creatures

Sometimes we have some great dogs and cats that, for whatever reason, get overlooked and are still awaiting adoption.

## ASH

Ash is a needing a home due to a divorce. Neither party could take him. He is a 4 1/2 year old lab/greyhound/border collie mix. He is good with dogs and kids and is housebroken. He is good on a leash. He is a very sweet boy!!

## PIPER

Piper is an American Bulldog who is absolutely wonderful with tons of personality!! Everyone just loves him!! He's well behaved, easy going and is medium to low energy. He walks easily on a leash and responds to simple commands like sit, lay down, stay. He is a major housedog and would be great for a homebody who likes short walks. He's extremely loyal and will stick by your side. He also loves belly rubs!

## BOOTS

Boots is an absolutely amazing dog. Rarely do we find such an outgoing but polite dog. Boots is a 6 year old Staffordshire Terrier. She lived her previous life on a chain in a 12 x 12' kennel. She is very affectionate, and LOVES people--she is extremely social with people & very good with kids. She is basically a couch potato but can be energetic. She is a volunteer favorite at our adoption clinics!! Boots is dog selective so she needs to be an only dog or be slowly integrated into a household with another dog. If you only want one loving dog, please consider Boots

# Cats and Dogs can be Wonderful Companions

Often potential adopters come to our adoption clinic at PetSmart (8070 Academy Rd NE) or Kitty City at Clark's Pet Emporium on 11200 Manual Blvd. NE, who believe they can't adopt a cat or kitten because they have a dog. In fact, about 60% of our cat adoptions go to homes with a dog. If you are thinking of adding a cat to your dog home or vice versa, it is important to consider both animals' personalities for compatibility. Dogs with high prey drive that like chasing, pinning, or picking up cats are not a good match. Conversely, some cats may not like dogs and prefer a cat only home. PACA does not adopt cats to a home with a doggie door for safety reasons. Kittens or cats will need separation from a dog during an adjustment period. Here are some steps to follow for a slow and successful introduction.

- Put the cat or kitten in a separate room with a litter box, food, and water.
- Let the dog and cat smell each other from beneath a closed door.
- Allow the new cat and dog to rotate their freedom throughout the home to investigate each other's scent.
- Put cat or kitten in a carrier and place it in a central room. Have the dog on leash and allow the dog to smell and observe the cat.
- Once the dog is calm and the cat is eating and using litter box regularly, allow both animals to be in the same room with dog on a leash. Use toys or treats as rewards for good behavior.
- If there is fear or aggression displayed on either animal's part, the dog and cat may be incompatible. Safety is always top priority.
- Find a place for cat food and litter that the dog cannot access.
- Separate both animals when out of the house until they coexist peacefully.

Jen and Craig's home adopted two kittens from PACA. After following our instructions for a slow introduction to their dog Bailey, Jen commented, "We are so in love with our new kittens and they have settled in great to their new home. They rub against Bailey and purr. I really think they all love each other. We couldn't be happier with these two new additions to our family." Ella, another cat adopted into a home with dogs, adapted to her new dog family quickly. Perhaps, Ella was a puppy at heart.

# Adoption Schedule

## DOGS

The **DOG ADOPTION CLINICS** are held on **Saturdays** at the grassy area near the Sprout's Farmer's Market on Academy and San Mateo, weather permitting. Winter hours are 11 AM to 2 PM. Please check the dog's FaceBook site for updates on adoption clinic hours and cancellations. [www.facebook.com/PACAdogs](http://www.facebook.com/PACAdogs).

**Visit all of our animals online at [NMPACA.ORG](http://NMPACA.ORG)**

## CATS

**PACA cats** are at PetSmart (Academy/Wyoming) **7 days a week**. We have PACA volunteers at PetSmart every day with morning and evening hours, and all day on weekends. See our website at [www.pacanm.org](http://www.pacanm.org) for our current schedule.

PACA cats are also at **Kitty City, PACA's free-roaming cat habitat**, located at Clark's Pet Emporium (on Menaul, just west of Juan Tabo) 7 days a week. Adoption clinics at Clark's are every **Saturday from 10:30 AM to 4:00 PM**.

# About Us

**PEOPLE'S ANTI-CRUELTY ASSOCIATION/ALBUQUERQUE ANIMAL RESCUE (PACA/AAR)**, a No-Kill rescue group, was founded in 1973. Our main mission is to rescue, rehabilitate and rehouse homeless dogs and cats. PACA has no shelter facility and relies on an organized network of foster parents who graciously take animals into their homes and hearts until permanent homes are found.

**RESCUE:** No-Kill means that healthy, adoptable animals are not destroyed because they are homeless or to make room for another animal. The Care-For-Life concept allows PACA to offer an alternative program for homeless, abandoned, sick, and injured animals. The number of animals we can assist depends on the foster care and financial resources available.

**REHABILITATE:** PACA devotes resources to correct an animal's health or behavioral problems.

**REHOUSE:** Care-For-Life rescue requires short and long term temporary housing for animals. This is best met by foster caregivers, not traditional kennel facilities. Foster families are asked to provide transportation to adoption clinics as much as they are able.

**SPAY/NEUTER:** PACA operates and funds programs to provide spay/neuter in the community, and we trap feral cats for the Trap-Neuter-Return program. We have already had significant success in preventing cat and dog population growth in Albuquerque.
